* There is issued annually by the Navy Department, as of January 1, the "Register of Commissioned and Warrant Officers of the United States Navy and Marine Corps." It gives complete information concerning the rank, service, place and date of birth, and date of entry into the service of every commissioned and warrant officer of the Navy and Marine Corps on both the active and retired lists. Pay tables are included, and a name index closes the Register. In addition, there is issued every quarter a Navy Directory which lists alphabetically "Officers of the United States Navy and Marine Corps; also including officers of the U. S. Naval Reserve (Active), Marine Corps Reserve (Active), and Foreign Officers Serving With the Navy." This Directory gives complete information concerning the organization of the Navy Department and of the Naval Establishment, including ships and shore stations. Copies of the Register can be secured by purchase, at \$1 a copy, from the Superintendent of Public Documents, Washington, D. C., and copies of the Directory at 25 cents a copy.

¹ The legal residence of civilian officials and employees only is given.

¹¹ Freedmen's Hospital is an institution placed by law under the supervision of the Secretary of the Interior. It is maintained by receipts from the District of Columbia for indigent residents, appropriations by the Federal Government, and by receipts from pay patients. The cost of construction of buildings has been borne in part by the Federal Government.

¹² Howard University is not a part of the Interior Department; the Secretary of the Interior merely supervises the expenditure of appropriations made by Congress for the institution. University funds are expended under direction of its officers.

¹³ Serves without compensation.

¹⁴ This institution is managed by a board of trustees, but certain duties in connection with the administration are under the supervision of the Secretary of the Interior. See p. 150.

¹⁵ The governors and secretaries of the Territories are presidential appointees. The reports of the governors are made to the Secretary of the Interior. The organization of the courts of Alaska, Hawaii, and Virgin Islands are shown on pp. 155, 157, 164.

UNITED STATES BOARD OF MEDIATION

The United States Board of Mediation was organized under the provisions of Public Act No. 257, Sixty-ninth Congress, approved May 20, 1926, entitled, "An act to provide for the prompt disposition of disputes between carriers and their employees, and for other purposes," known as the Railway Labor Act. It is an independent agency in the executive branch of the Government and is composed of five members, appointed by the President, by and with the advice and consent of the Senate. The board maintains its principal office in the District of Columbia, but it may meet at any other place. The Railway Labor Act applies to express companies, sleeping-car companies, and carriers by railroad subject to the interstate commerce act, provides that such carriers, their officers, agents, and employees shall exert every reasonable effort to make and maintain agreements concerning rates of pay, rules, and working conditions, and to settle all disputes whether arising out of the application of such agreements or otherwise. All disputes between a carrier and its employees shall be considered in conference between representatives designated and authorized so to confer, respectively, by the carriers and by the employees thereof interested in the dispute.

NATIONAL ADVISORY COMMITTEE FOR AERONAUTICS

The National Advisory Committee for Aeronautics was established by act of Congress approved March 3, 1915 (U. S. Code, title 50, sec. 151, p. 1698). Its membership was increased from 12 to 15 members by act approved March 2, 1929 (U. S. Code, supp. III, title 50, sec. 151a). Its membership consists of two officers of the Army, two officers of the Navy, a representative each of the Smithsonian Institution, the Weather Bureau, and the Bureau of Standards, with eight additional persons acquainted with the needs of aeronautical science, or skilled in aeronautical engineering or its allied sciences. The members are appointed by the President and serve without compensation. The duties of the committee are to supervise and direct the scientific study of the problems of flight; also to direct and conduct research and experiment in aeronautics. Under the rules and regulations approved by the President, technical subcommittees have been established whose duties are to aid in determining the problems to be scientifically attacked in their respective branches of the aeronautical field and to endeavor to coordinate the research and experimental work involved in the study of the problems agreed upon. The major subcommittees are those dealing with aerodynamics, power plants for aircraft, materials for aircraft, problems of air navigation, aircraft accidents, and aeronautical inventions and designs. These subcommittees are composed in part of specially appointed representatives of the War, Navy, and Commerce air organizations. The committee directly conducts research and experiments in aeronautics at the Langley Memorial Aeronautical Laboratory, Langley Field, Va. It conducts the Office of Aeronautical Intelligence, for the collection, classification, and dissemination of scientific and technical data on aeronautics obtained from all parts of the world; and passes upon the merits of aeronautical inventions and designs submitted to any branch of the Government. The entire committee meets twice a year, in October and April; the executive committee and the various subcommittees hold regular and special meetings as necessary.

No appropriations have been made for nor any meetings held by the council since the fiscal year 1921. The records of the Council of National Defense, as well as those of the War Industries Board and the Committee on Public Information, are now under the jurisdiction of the Assistant Secretary of War, who is charged by law (act of June 4, 1920) with the "assurance of adequate provision for the mobilization of material and industrial organization essential to war-time needs."

It is supported through their joint contributions, each nation annually paying that part of the budget of expenses which its population bears to the total population of all the Republics. Its general control is vested in a governing board made up of the diplomatic representatives in Washington of all the Latin-American Governments and the Secretary of State of the United States. It is strictly international in its scope, purpose, and control, and each nation has equal authority in its administration. The Pan American Union occupies and owns a monumental building on extensive grounds in Washington, D. C., overlooking the White House park.

Columbia Institution for the Deaf is a corporation established in 1857 by private enterprise. It is now maintained by direct appropriations by Congress, by tuition fees, and by endowment. The act of Congress in 1857 incorporating the institution allowed \$150 per annum from the United States Treasury for each indigent pupil from the District of Columbia. In 1858 Congress granted \$3,000 a year for five years for salaries and incidental expenses of the institution, and authorized free admission of deaf and dumb or blind children of men in the military or naval service of the United States. In 1865 Congress provided for the transfer of the blind children and removed the words "and the blind" from the corporate name of the institution. In 1864 Congress authorized the institution to confer collegiate degrees. With this new departure Congress made a considerable increase in its annual grants and provided that a limited number of students be admitted to the collegiate department from the several States and Territories free of charge. The number of students thus admitted free was at first 10; the number has been increased by acts of Congress until now it is 125. In 1887 the college was opened to young women and in 1891 a department for the training of hearing teachers of the deaf was established.
